ANGEL EYES

The skin around the eyes is said to be five to 10 times thinner than the skin on the face and this naturally calls for even more devoted care and protection, Suhana Ab susses out seven eye creams that work

photograph and styling: MUHAMAD AZLIN

This formula penetrates deep into the skin and hydrates up to 12 hours reducing dark circles and fine lines magnificently. SK-II Skin Signature Eye Cream

The indulgent texture of this cream is coupled with an efficacious formula that gives the eye area a radiance boost. T by Terry eye cream

A synergy of active ingredients in this cream addresses the colour, texture and dimension of the eye area efficiently restoring radiance. Cle de Peau Intensive Eye Contour Cream

With Photo-Activated Lift Complex, this cream boosts elastin production for a brighter eye area. Estée Lauder Resilience Lift Firming/ Sculpting Eye Crème

By stimulating collagen production this cream helps to give the eye area more volume and simultaneously reduces wrinkles and expression lines. Mesoestetic Collagen 360 from Nu. Reflections

The lifting nano particles in this cream works with rose moss and multi-peptide eyeliss to sustain long-term smoothness. Euoko Y-41 Eye Contour Nanolift from Sccube the Apothecary

Infused with its famous Miracle broth, this cream restores luminosity around the eyes. La Mer, The Eye Balm
