LOTIONS AND POTIONS FOR THE PERFECT EXPRESSION

SLEEPING COMPANION

We all love Molton Brown for the rich, feel-good concoctions that they are so famous for. This February look forward to Body Therapies, a range of soothing remedies that target to make life a little bit easier. Choose from Sleep, Unwind, Purify and Nature – each specially created to meet specific needs. We love the Sleep range that includes the cedrus bathing elixir, body oil, temple soother and room aroma rocks that will help you to get the good night sleep that you deserve.

COLOUR PERFECT

As with Mother Nature, Make Up Store bursts with colours this time of the year. Its new collection aptly called Fruidelicious features pretty shades of orange brown and pink. We especially love the blushers, exuberant and long lasting, that add life onto your skin by just one application.

MASQUERADE

Women with hectic schedules would appreciate the Clinique Turnaround instant facial for its fuss-free and snappy application. The five-minute pampering mask promises to leave your skin refreshed and more luminous. Perfect for skin that needs rejuvenation.

FRAGRANCES TO KICK START THE NEW YEAR

▼ MARC JACOBS DAISY SOLID PERFUME NECKLACE

Innovation is the key word when it comes to Marc Jacobs. Doubling up as an accessory this floral scent is youthful as it is refreshing.

▲ DOLCE & GABBANA L'EAU THE ONE

The combination of sweet and fruity has never gone so well as it has with this scent. The exotic fusion of vanilla, lychee and plum will leave you feeling sky high.

▲ KENZO POWER

Encapsulated in a sake inspired bottled this scent is invigorating, masculine and sensuous all at the same time. Perfect for the decisive man who takes on life by the horns.

▼ LIFT OFF

Deep wrinkles will be a thing of the past once you get your hands on the Radiance bx Finishing Lines DMAE by mesoestetic. Reputed for efficiently reducing the appearance of lines and facial flaccidity, this formula promises to leave your skin feeling firmer and soft to the touch. For enquiries contact EHR Centre at 6735 8735.
